

There are so many **REASONS to RACE**. What is yours? Who will you SPONSOR? Wouldn't it be cool if there were an easy way to RACE for a REASON? We think so! **Ben Webb** and friends are working to be the catalyst helping anyone who has a REASON to champion their own cause, RACING for their own REASON.

If you don't have your own reason yet, *join us* at **MY REASON TO RACE** to help support **The Carter Samuel Martin Experimental Therapy Research Fund**, in Atlanta, Georgia.

During **Carter's** 20-month battle with Ewing's sarcoma bone cancer, **Carter** was left with one leg and a hole in his head – **but it did not take the fight in Carter's eyes**. Despite 14 cycles of protocol chemotherapy, **Carter** relapsed. He then began treatment with a more experimental form of therapy, hoping that a new combination of chemotherapy and radiation would rid his body of this intruder. There were no guarantees, only hope that the experimental form of drugs would lead to a cure. In the end, **Carter's** battle against cancer was lost, but as he told his mother – "cancer can't take away love."

There was one thing that held **Carter** back – the cancer that has plagued children for as long as we have known. **Carter** envisioned a cure. With the support of the **Carter Samuel Martin Experimental Therapy Research Fund**, physicians at the **Aflac Cancer Center** and Blood Disorders Service of Children's Healthcare of Atlanta are **committed to finding a cure for children with cancer**. You can **make Carter's vision a reality**.

My Reason to Race and **The Carter Samuel Martin Experimental Therapy Research Fund** are pulling together their resources to gather pledges to benefit and aid in finding a cure for Children with Cancer!!
